Re: Notice Pursuant to 30 V.S.A. § 8093(a)
Blissville Fiber Project

Dear Bill:

Please accept this as notification pursuant to 30 V.S.A. § 8093(a) of
VELCO's Blissville Fiber Project described in more detail below.

The Project will be located beginning at the West Rutland substation and,
following the VELCO transmission line to Poultney, will terminate at the Blissville substation. The
Project consists of installing a 72 fiber All Dielectric Self Supporting (ADSS) cable on the
transmission structures, which will connect these two adjacent substations. VELCO plans to
commence this project in January, 2009.

VELCO's contact person for this project is:
Dan Nelson
802-770-6228
Dnelson@velco.com

Sincerely,

Daniel Nelson
Manager of Telecommunications

Cc: In house counsel
